Promoting and Protecting the Rights of Persons with Disabilities

DISABILITY ISSUES IN THE 2014 LEGISLATURE STATUS REPORT #3

Jim Jackson, Executive Director
Disability Rights New Mexico
February 10, 2014

Mark your calendars:

Feb. 17 Disability Rights Awareness Day at the Marriott Courtyard, 3347 Cerrillos Rd. in Santa Fe, 8:45 – 3:45. Keynote speaker: Congresswoman Michelle Lujan Grisham

Feb. 18 Disability Rights Awareness Day at the State Capitol. Display tables all day. Program in the Rotunda 11:30 to 1:00. Keynote speaker: Hector Balderas, New Mexico State Auditor

House deadlock leaves state budget in limbo. After more than three hours of debate on the House floor this past Friday, the motion to adopt HB 2, the proposed state budget for the coming year, failed on a 34 - 34 tie vote. Rep. Sandra Jeff, from Crownpoint on the Navajo reservation, was the lone Democrat to vote with the chamber's 33 Republicans to create the tie. The on-going absence of two Democrats from the session due to illness set the stage for the stalemate, which leaves HB 2 on the speaker's table for action in the near future.

The focus of most of the debate on the bill was on control of spending for education. Rep. Donald Bratton, the Republican floor leader, proposed an extensive amendment that would have taken \$20 million from the funds distributed to public schools statewide through the funding formula and put it under the control of the Public Education Department to be used for the governor's educational initiatives. That amendment also failed on a tie vote, although it was a different Democrat – Rep. Nick Salazar – who broke ranks to create the tie.

As noted below, the current version of HB 2 has some targeted increases for several disability programs, and those are not likely to be affected by the controversy over the public schools budget. However, it appears that if more funding is diverted from the formula-driven allocation to new competitive grant programs, the reduced operating budget will not fully cover the special education "maintenance of effort" required by federal law; the shortfall would have to be made up from contingency appropriations in HB 2 or would be deducted from future federal funding.

New life for behavioral health protections. The Senate Public Affairs Committee has kept alive a legislative effort to establish protections for behavioral health and other Medicaid providers. At the request of Sen. Bill O'Neill, his bill to fund the cost of greater protections (SB 181) was transformed by amendments into a bill to establish and define provider protections when "credible allegations of fraud" are made. Two other bills that would have created similar provider protections (SB 33 by Sen.

Papen and SB 126 by Sen. O'Neill) have been determined "not germane" and are not moving forward in the session.

On a related behavioral health issue, there has been no action yet on SR 2, the resolution by Majority Leader Sen. Michael Sanchez that would express "No Confidence" in HSD Secretary Sidonie Squier.

In under the wire. A number of new disability-related bills were introduced last week before the deadline last Wednesday, which was the mid-point of the session. These latest bills include SB 321, establishing a process for resolving claims against the state by the behavioral health agencies that had their payments withheld by HSD, putting many of them out of business; SB 280, funding pilot programs to promote friendships in schools between students with and without disabilities; SM 69, calling for a group to develop recommendations for providing educational services to children who are suspended or expelled from school; and several bills calling for rate increases for DD provider agencies.

In addition, the governor provided a "message" for SB 174, which gives CYFD the authority to investigate alleged abuse or neglect of children who are in wilderness camps or other private residential settings for at least 60 days in a calendar year. That bill was allowed to move forward but has been temporarily tabled in the Senate Public Affairs Committee pending clarifying amendments.

Bills, Memorials and Resolutions in the 2014 Legislative Session

State Budget

HB 2 General Appropriations Act. Rep. Kiki Saavedra. The House Appropriations and Finance Committee (HAFC) approved the budget bill on a party-line vote last week and sent it to the House floor. As noted above, the bill failed on a tie vote and its future is uncertain. Funding levels for state agencies providing services to persons with disabilities (including state, federal and other funding sources) in the current version of the bill are included in the table below:

<u>Agency/Program</u>	<u>Current Year Budget</u>	<u>Governor's FY 2015 Recommendation</u>	<u>LFC FY 2015 Recommendation</u>	<u>HB 2 per HAFC</u>
Department of Health				
Developmental Disabilities	\$149.748 million	\$159.057 million	\$162.223 million	\$162.123 million
Human Services Department				
Medicaid general	\$4.065 Billion	\$4.341 Billion	\$4.331 Billion	\$4.349 Billion
Medicaid Behavioral Health	\$306.1 million	\$422.6 million	\$400.7 million	\$394.1 million
BHSD (non-Medicaid)	\$ 59.4 million	\$ 61.5 million	\$ 60.4 million	\$ 60.8 million
Div. of Vocational Rehabilitation				
Rehabilitation services	\$27.725 million	\$29.893 million	\$28.429 million	\$28.529 million
Independent Living	\$ 1.457 million	\$ 1.543 million	\$ 1.457 million	\$ 1.543 million
NM Commission for the Blind	\$12.353 million	\$12,837 million	\$12.837 million	\$12.837 million
NM Comm. for the Deaf & HH	\$ 3.753 million	\$ 3.700 million	\$ 3.703 million	\$ 3.753 million
Governor's Comm. on Disability	\$ 1.525 million	\$ 1.554 million	\$ 1.598 million	\$ 1.629 million
DD Planning Council				
Federal program	\$ 1.287 million	\$ 1.431 million	\$ 1.288 million	\$ 1.320 million
Office of Guardianship	\$ 4.595 million	\$ 5.045 million	\$ 4.980 million	\$ 4.997 million

The current version of HB 2 includes these new/additional funding items of particular interest to the disability community:

- \$3.3 million additional funding for the DD waiver, intended to bring people off of the wait list

- \$500,000 for a pilot program of flexible supports for those at or near the top of the wait list, as recommended by the SM 20 task force
- \$5.1 million additional funding for the FIT (Family Infant Toddler) program
- \$150,000 for evidence-based treatment practices for children with autism
- \$5 million for Medicaid rate increases for nursing homes and PCO providers
- \$250,000 for non-Medicaid in-patient psych services in southern NM
- \$100,00 for a concussion needs assessment
- \$50,000 for distribution of child safety helmet
- \$75,000 to the Commission for the Blind to purchase and distribute magnification devices
- \$164,000 in supplemental FY 2014 funding for the DDPC Office of Guardianship
- \$3 million to PED as needed to meet "maintenance of effort" for special education funding (in addition to contingency funds appropriated last year).

HB 2 also includes a prohibition on HSD using money to contract with a managed care company to manage non-Medicaid behavioral health funds.

Autism

HB 69 Autism Services. Rep. Liz Thomson. Appropriates \$100,000 to the Department of Health to support the Autism Oversight Team (planning and promoting in-state services for persons currently placed out-of-state) and \$250,000 for clinical services for children with significant problem behaviors. Passed HHGIC, pending in HAFC. *The latest version of HB 2 includes \$150,000 for clinical treatment services.*

SB 109 Autism Services. Sen. Lisa Torracco. Same as HB 69, above, appropriating \$350,000 to DOH for autism services. Passed SPAC, pending in SFC. *The latest version of HB 2 includes \$150,000 for clinical treatment services.*

Behavioral Health/Mental Health

HB 44 Firearms Sales and Federal Mental Illness Reporting. Rep. Miguel Garcia. This bill would require background checks for the purchase of firearms at gun shows, and would also require state reports to the FBI identifying individuals who have been found by courts to be mentally incapacitated and thus ineligible to purchase firearms. **The sponsor has decided not to move the bill forward.**

HB 61 Native American Youth Suicide Prevention. Re. James Roger Madalena. Appropriates \$300,000 to HSD for the Behavioral Health Purchasing Collaborative to establish three prevention programs statewide. Passed HHGIC, pending in HAFC.

HB 63 Inmate Mental Health. Rep. James Roger Madalena. This bill would appropriate \$563,180 to establish a pilot program in Grant, Luna and Hidalgo County (southwestern NM) to provide comprehensive behavioral health and support services to inmates of the county detention centers and to individuals who have been released from those facilities. Passed HHGIC, pending in HAFC.

HB 243 Housing Assistance for the Homeless. Rep. Doreen Gallegos. This bill provides \$500,000 to the Mortgage Finance Authority to provide supportive housing and support services to help homeless persons become more stable and move into housing. HBIC/HAFC.

SB 35 NMSU Nurse Practitioner Program. Sen. Mary Kay Papen. This bill appropriates \$171,200 for the Mental Health Nurse Practitioner program at NMSU. Passed SPAC, pending in SFC.

SB 66 Infant Mental Health Services. Sen. Jerry Ortiz y Pino. This bill will appropriate \$2 million to the Children, Youth and Families Department to provide infant or early childhood mental health services that are not covered by Medicaid. The bill would also prohibit the state from requiring providers of these services to be endorsed by a national organization in order to be reimbursed for services. This provision is intended to continue or extend services to communities where there are few if any endorsed providers. Passed SPAC, pending in SFC.

SB 290 Behavioral Health Services in Lea County. Sen. Gay Kernan. This bill appropriates \$100,000 to the Children, Youth and Families Department to provide behavioral health services and supportive housing to pregnant and parenting teenagers in Lea County (southeastern NM). Passed SPAC, pending in SFC.

SB 321 Resolving Financial Claims Related to BH Audits. Sen. Howie Morales. This lengthy bill sets up a process whereby the 15 provider agencies whose payments were suspended due to HSD's determination of "credible allegations of fraud", and their employees or contractors, can resolve claims against the state without having to pursue damage cases in court, if a valid tort claim against the state was filed by January 1, 2014. The claims would be reviewed by a special master, and payments up to a total of \$750,000 could be made for valid claims if the agency is not charged with either civil or criminal fraud. SCC/SJC/SFC.

SR 2 No Confidence in HSD Secretary Squier. Sen. Michael Sanchez. This Senate Resolution indicates that the state Senate has "no confidence" in the ability of Sidonie Squier to carry out her duties as Secretary of the Human Services Department. *We include this Resolution in the behavioral health section of this Legislative Report because Secretary Squier's handling of the abrupt suspension of Medicaid funding for 15 major behavioral health agencies last year is the principal (though not the only) basis cited for proposing the Resolution.* Awaiting action by the full Senate.

SM 5 Early Childhood Task Force. Sen. Jerry Ortiz y Pino. This memorial asks UNM to reconvene a task force to continue working on improving collaboration among early childhood stakeholders, and to develop an infant and early childhood mental health action plan. SRC/SPAC.

SM 29 Behavioral Health Study. Sen. Jerry Ortiz y Pino. This memorial cites a number of systemic changes that have been made in the behavioral health delivery system over the years, typically resulting in difficult transitions that delayed and disrupted services. It calls for another study group to recommend the changes needed to develop an effective and accountable mental health system. SRC/SFC.

Brain Injury

HB 58 Expand Eligibility for Brain Injury Services. Rep. Jim Trujillo and Sen. Gay Kernan. This bill would amend the law establishing the Brain Injury Services Fund to eliminate its current limitation to those with "traumatic" brain injury. This would provide eligibility for those whose acquired brain injury was caused by stroke or other non-traumatic causes, as long as the injury occurred after birth and was not caused by substance abuse. Passed HHGIC, pending in HAFC.

HM 9 Concussion Study. Rep. Jim Smith. This memorial asks the Brain Injury Advisory Council to conduct a study of the incidence of concussions in student athletes and returning veterans, and identify needs related to diagnosis and treatment of concussions. *The current version of HB 2 includes a total of \$100,000 to conduct the study.* **PASSED.**

SB 52 Insurance Coverage for Brain Injury Services. Sen. Tim Keller and Rep. Liz Thomson. This bill would require most individual and group health insurance policies in New Mexico to cover a number of treatment services and community reintegration services for persons with brain injuries. **Determined “not germane” and will not be pursued further in this session unless the governor requests such action.**

Community-based Services

SB 14 Certification of Personal Care Providers. Sen. Michael Padilla. This bill would require anyone providing personal care, attendant care, homemaker or similar in-home services for pay to be certified by the state. Certification would require completion of a course of study, passing an exam, and accreditation by a national accrediting entity. **Initially determined “not germane” but now moving forward because the governor provided a “message” for a similar bill in the House (HB 88).** SPAC/SJC.

HB 88 Certification of Personal Care Providers. Rep. Kelly Fajardo. This bill is similar to SB 14, but proposed a voluntary program of certification. With a “message” from the governor, the bill was determined germane to the short session. However, due to concerns raised by home care agencies, representatives of disability organizations and others, the sponsor decided not to move the bill forward and instead introduced a memorial calling for a group to study the issue (see HJM 20, below).

HJM 4 Family Caregiver Study. Rep. Tomás Salazar. This memorial calls for appointment of a coalition or task force to review the needs of family members and friends who provide unpaid care and support to elders and others and to recommend policy changes to support these caregivers. The DD Planning Council and the Governor's Commission on Disability would be members of the task force. Pending in HCPAC.

HJM 20 Oversight of Home Care Agencies. Rep. Kelly Fajardo. This memorial calls for a group to look at oversight and regulation of home health agencies, some of which are not licensed by the state, in order to promote quality assurance. Care givers who work independently for self-directing consumers would not fall within the scope of the memorial. HHGIC.

Developmental Disabilities

HB 75 Rate Increase for DD Providers. Rep. Jimmie Hall. This bill will appropriate \$2.65 million to the Department of Health to provide reimbursement rate increases to provider agencies for DD services funded by state general funds (would not apply to waiver services). Same as SB 249, below. Passed HHGIC, pending in HAFC.

HB 218 FIT rate increases. Rep. Liz Thomson. This bill appropriates \$4 million to the Department of Health to provide reimbursement rate increases to Family Infant Toddler (FIT) provider agencies as called for in a rate study conducted in 2003. Same as SB 188, below. Passed HHGIC, pending in HAFC.

HB 319 Prevent Fetal Alcohol Syndrome. Rep. Liz Thomson. This bill appropriates \$100,000 to the department of Health to fund a program at the University of New Mexico to prevent fetal alcohol syndrome. HAFC. *This funding is included in the current version of HB 2.*

HB 354 DD Provider Rate Increase. Rep. Kelly Fajardo. This bill appropriates \$5.2 million to the Department of Health to provide “cost-of-living” increases to agencies providing DD waiver services. HHGIC/HAFC.

SB 55 DD Waiver Waiting List Plan and Funding. Sen. Bill Soules. This bill would require the Department of Health and the Human Services Department to develop a 5-year plan, to be updated annually, to address the waiting list for the DD waiver program. The plan would identify the total number of people on the waiting list, a target for the number of new people to be served during the five-year period covered by the plan, and the amount of funding needed each year to meet the target. As amended in SPAC, the bill would also appropriate \$10 million to the Department of Health in the coming year to serve some of those currently on the waiting list. Passed SPAC, pending in SFC.

SB 188 FIT rate increases. Sen. Howie Morales. This bill appropriates \$4 million to the Department of Health to provide reimbursement rate increases to Family Infant Toddler (FIT) provider agencies as called for in a rate study conducted in 2003. Same as HB 218, above. Passed SPAC, pending in SFC.

SB 249 Rate Increase for DD Providers. Sen. Nancy Rodriguez. This bill will appropriate \$2.65 million to the Department of Health to provide reimbursement rate increases to provider agencies for DD services funded by state general funds. Same as HB 75, above. Passed SPAC, pending in SFC.

SB 277 Rate Increase for DD Providers. Sen. Carlos Cisneros. This bill appropriates \$5.2 million to the department of Health to fund cost-of-living increases for DD waiver provider agencies. SPAC/SFC.

SM 8 Jaden's Way. Sen. Lisa Torracco. This memorial acknowledges the extraordinary challenges faced by individuals with multiple disabilities and their families, as exemplified by Jaden Fawver, who died recently at the age of 10. **PASSED.**

Education

SB 5 ASL as Language Credit. Sen. Carlos Cisneros. This bill would allow a course in American Sign Language to count as a language credit when calculating total credits needed for high school graduation requirements. **Determined “not germane” and will not be pursued further in this session unless the governor requests such action.**

SB 280 Fostering School Friendships. Sen. Howie Morales. This bill appropriates \$100,000 to the Public Education Department to support programs in mid schools and high schools that promote friendships between those with those without developmental disabilities, and promote inclusion in the schools. SEC/SFC.

SM 69 Educational Services. Sen. Bill O'Neill. This memorial calls for a task force to help the PED devise strategies and funding for providing educational services for students who have been suspended or expelled from school or referred to the juvenile justice system. SRC/SJC

Medicaid and Health Care

HB 60 Native American Opt-in for Centennial Care. Rep. James Roger Madalena. This bill would clarify that Native Americans who are eligible for Medicaid cannot be required to enroll in Centennial Care or any other Medicaid managed care program, although they could do so voluntarily. Currently, Native Americans can choose whether they want to enroll in a Centennial Care managed care organization (MCO), except for those who are "dual eligible" (receiving both Medicaid and Medicare) and those receiving long-term services, who are required to be enrolled with an MCO. **Determined “not germane” and will not be pursued further in this session; but see HB 337, below, for a revised version of this effort.**

HB 267 Nursing Home Rate Increases. Rep. Lucky Varela. This bill appropriates \$8 million to HSD to increase payment rates for nursing homes in the coming year. It also directs HSD to change the formula used to calculate future payment rates to assure that they fully cover the costs incurred by nursing homes in serving their residents. *The current version of HB 2 includes \$5 million for rate increases for nursing homes and PCO providers.* HHGIC/HAFC.

HB 337 Native American Opt-in. Rep. James Roger Madalena. This is a revised version of HB 60 (above), which adds a requirement for HSD to do outreach and education about the choices available to Native Americans, as well as an appropriation of \$100,000 to cover HSD's costs. Same as SB 284, below. Because of the appropriation, the bill has been considered germane to the short session. HHGIC/HAFC.

SB 33 Due Process for Medicaid Providers. Sen. Mary Kay Papen and Rep. James Roger Madalena. This bill establishes a definition of what constitutes a "credible allegation of fraud", and gives providers a right to appeal in court if they are referred to the Attorney General for investigation based on such an allegation. The bill also clarifies that simple or inadvertent errors in billing do not constitute fraud. The bill is a response to HSD's actions in 2013, when 15 agencies were referred for investigation based on such allegations, leading to suspension of their funding and the replacement of 12 of the agencies by companies headquartered in Arizona, without the original agencies getting information about exactly what they allegedly did wrong and without an opportunity to challenge the determination in an administrative hearing or in court. **Determined "not germane" and will not be pursued further in this session unless the governor requests such action.**

SB 126 Due Process for Medicaid Providers. Sen. Bill O'Neill. This bill addresses some of the same issues as SB 33 but provides a more comprehensive approach to defining Medicaid fraud as well as providing procedural protections to Medicaid service provider agencies. **Determined "not germane" and will not be pursued further in this session unless the governor requests such action.**

SB 181 Medicaid Due Process. Sen. Bill O'Neill. This bill began as an appropriation of \$500,000 to HSD to cover the cost of affording additional due process protections for Medicaid providers. It was amended in SPAC to include some of the procedural protections contained in SB 33 and SB 126, above. Passed SPAC, pending in SJC and then goes to SFC.

SB 284 Native American Opt-in. Sen. Benny Shendo. This bill duplicates HB 337, above, exempting most Native Americans from mandatory enrollment in Centennial Care and providing an appropriation to HSD for outreach activities. SCC/SIAC/SFC.

SJM 5 Oversight Council on Medicaid and Disability. Sen. Tim Keller and Rep. Liz Thomson. This memorial asks the legislative leadership to create a permanent council to provide oversight of Medicaid services for persons with disabilities. The Council would be made up of four legislators, five individuals who are persons with disabilities, representatives of or advocates for persons with disabilities, and one representative each from HSD and DOH. Passed the Senate 24 – 18; awaiting House committee assignments.

SJM 22 Equal Due Process. Sen. Howie Morales. This memorial calls on the governor to direct the HSD secretary to give all Medicaid providers the same due process protections that the five new behavioral health agencies from Arizona are entitled to under their contracts with HSD. Those contracts include protections that are not typically provided to Medicaid providers. SRC/SPAC.

SM 59 Health Care Transitions. Sen. Jerry Ortiz y Pino. This memorial calls on the Children's Medical Services program at the Department of Health and the Center for Development and Disability at UNM to convene a group to make recommendations to improve the transition of persons with special health care needs as they age and transition from pediatric systems to adult health care providers and systems. SRC/SPAC

Other

HB 217 Guardianship Oversight. Rep. Liz Thomson. This bill appropriates \$200,000 to the state district court in Albuquerque (2nd Judicial District) to fund the court's initiative to review and monitor guardians and guardianship arrangements for adults who have been determined to lack capacity to make their own decisions. Increased court oversight was recommended by the SM 94 task force and other groups in previous years that have looked at this issue. *Based on its title and provisions, this was previously reported as a bill that would create a special court for seniors and persons with disabilities.* Passed HJC, pending in H AFC.

HB 265 Reporting Child Abuse. Rep. Gail Chasey. This bill clarifies that, with a few exceptions, any person who knows or reasonably suspects that a child is being abused or neglected has a duty to report the matter to local law enforcement, Child Protective Services, or a comparable tribal entity. The bill is a response to a court case last year that held that only certain persons such as teachers, doctors, social workers or others are required to report. *DRNM notes that children with disabilities are more frequently the victims of abuse or neglect than other children.* This bill was originally determined to be not germane, but with the governor's message in support of HB 334 (see below), it could now move forward. HRC.

HB 334 Reporting Child Abuse. Rep. Nate Gentry. This bill addresses the same issue as HB 265, above, regarding who is required to report suspected child abuse. HB 334 explicitly eliminates any and all exceptions to the reporting requirement. HCPAC/HJC.

HM 69 Removing Barriers to Employment. Rep. Cathrynn Brown. This memorial calls on the New Mexico Congressional delegation to work to change federal rules that limit how much income a non-elderly nursing home resident with disabilities can earn and still maintain eligibility for nursing home services, and require most of a person's earnings to be turned over to the nursing home to cover costs of room and board. Awaiting vote by the full House.

SB 50 Changes to Procurement Code. Sen. Tim Keller and Rep. Eliseo Alcon. This bill would limit the ability of state agencies such as HSD to avoid competitive bid processes when contracting for audits or arranging for services after suspending payments to agencies based on allegations of fraud. This is another legislative response to the way HSD dealt with 15 behavioral health agencies in 2013. **Determined "not germane" and will not be pursued further in this session unless the governor requests such action.**

SB 174 CYFD Oversight of Residential Programs. Sen. Sue Wilson Beffort. This bill would clarify that the Children Youth and Families Department and its Child Protective Services Division have authority to investigate allegations of abuse or neglect at any facility that provides residential placement for children for more than 60 days in any 12-month period. The operator of a "wilderness camp" had contested CYFD's authority to provide oversight or investigations at its facility last year. *DRNM notes that some of the children served in such programs may have been placed there because of their behavioral challenges.* Temporarily tabled in SPAC pending amendments to the bill.

Contacting your Legislators

You can find out who your legislators are and get their contact information on the Legislature's "Find Your Legislator" web page: http://www.nmlegis.gov/lcs/legislator_search.aspx.

To find your state representative from this web page, take these steps:

- Under the heading "House of Representatives", click on the link to "Search by Name, District or Address"
- Click on the link "OR Search by Address" near the top of the page.
- Enter your complete address (street, city, state and zip code) in the box provided
- Click on the "Find District" button, and in a few moments you'll see the name (and a picture) of your representative and the number of the House district.

To find your state senator, go to the same starting web page and choose the "Search by Name, District or Address" link for the Senate.

Each legislator has an office in the Capitol. To reach a legislator's office during the session, call the Capitol switchboard at 986-4300 and ask for your legislator. We encourage you to bring the voice of the disability community to the Legislature!

Policy and Legislative Action Network (PLAN): Join your friends and colleagues in working to promote favorable action on issues of concern to people with disabilities and their families. Become part of the PLAN! We'll let you know when there are opportunities to speak out on bills in the Legislature and other key issues, and give you background info and talking points; you show the power of the disability community by following up with calls or emails to public officials. Sign up with DRNM's project coordinator, Katie Gordon, at KGordon@drnm.org.
