### DISABILITY ISSUES IN THE 2019 LEGISLATURE STATUS REPORT #4

Jim Jackson, DRNM Public Policy Associate

February 11, 2019

*(See page 10 for a list of abbreviations, including legislative committees, used in this report.)*

#### Coming Events:

- **Feb. 11:** Autism Day at the Capitol
- **Feb. 14:** Valentine's Day!
- **Feb. 14:** Mid-point of the 60-day session
- **Feb. 21:** Multiple Sclerosis Day at the Capitol

#### Committee Hearings this week:

*Monday morning:* HB 285 (regulation of short-term health plans), HB 348 (court-ordered home entry for mental health evaluations), HB 354 (autism evaluations and services) and HB 416 (Medicaid buy-in) in HHHC; SM 22 (task force on sexual assault) in SRC.

*Monday afternoon:* SB 41 (due process for Medicaid providers) in SFC; SB 220 (increasing income limits for property tax relief) in SCORC.

*Tuesday morning:* SB 53 (accessible parks) in SCONC.

*Tuesday afternoon:* SB 250 (behavioral health wrap-around services) in SPAC.

*Thursday morning:* HB 483 (zoning exception for casitas used for caring for an individual with disabilities) in HLLC.

#### Highlights from the past week:

- All 43 bills that had been passed by the Legislature the previous week were signed into law by Governor Lujan Grisham this week, bringing the "rocket docket" to an end and apparently setting a record for the largest number of bills to be enacted before the half-way point of a 60-day session
- Tempers flaring: The Friday evening floor session of the House became acrimonious during debate over HB 8, a bill requiring background checks for the sale of firearms at gun shows and between individuals. After more than two hours of debate, Republican Floor Leader James Townsend requested a "call of the House", which requires all members to be present in the chamber unless specifically excused in advance. All members were soon accounted for except for Republican Rep. David Gallegos of Lea County, who had been absent throughout the debate but had not been excused. He could not be located, so 20 minutes after the call was implemented, Democratic Floor Leader Sheryl Williams Stapleton moved to excuse him, and that motion passed, over Republican objections. With Rep. Gallegos excused, the call was considered complete. Then, a motion was made to end debate on the bill even though the three-hour time limit for debate that applies to any bill in the House had

not yet expired. The motion passed by more than the required 2/3 margin, and the bill then passed 41-25, setting off howls of protest from Republican members. Speaker Brian Egolf explained that requesting a call when it was known that an unexcused member was absent and could not be returned in a reasonable time period amounted to “playing games” and he would not permit wasting everyone’s time through such a maneuver.

- A revised version of SB 112, limiting insurance policy changes to drug coverage during a plan year, passed SPAC and will move on to SJC.

**New bills introduced this past week:**

- SB 495, adding members to Behavioral Health Purchasing Collaborative
- HB 510, requiring an attendant on every school bus transporting students with disabilities.
- SB 467, imposing extensive school requirements related to children with behavioral challenges
- HB 483, allowing a casita in a single-family zoned area when it is used to care for an individual with disabilities

**Bills and Memorials Introduced in the 2019 Session**

This list is grouped by disability or subject matter and shows the bill number, sponsor, a description of the bill and the current committee assignments and action taken on the bill or memorial. The report also includes a few bills or memorials expected but not yet introduced. The deadline for introducing most bills is the half-way point of the session, which this year is Thursday, February 14<sup>th</sup>. Memorials can be introduced at any time.

**Behavioral Health/Mental Health**

**HB 43** *Behavioral health interventions for non-violent offenders.* Rep. Sheryl Williams Stapleton. Charges the Human Services Department with responsibility to develop a method for meeting the needs of non-violent offenders with behavioral health diagnoses when they are in jail or prison and to connect them with supports and services when they are released, to reduce recidivism. HSD would be required to set up a grant program for counties seeking funds to implement the program. Appropriates \$1.5 million to HSD for this purpose. Passed HHHS, pending in H AFC.

**HB 59** *Non-discrimination against art therapists.* Rep. Christine Trujillo. Requires insurance companies to pay licensed art therapists for the services they provide if those services are covered by a policy and they pay other behavioral health providers for the same services. *Tabled indefinitely* in HHHC and very unlikely to move forward.

**HB 83** *Extreme risk protection orders.* Rep. Daymon Ely. Allows for court orders for police to seize guns from those determined to pose a high risk of violence to themselves or others. The bill does not include any reference to mental illness, and is written so that it would apply to cases of domestic violence or other threatening situations, but the sponsor of the bill has made it clear that the primary intent of the bill is to allow for the confiscation of guns from people with mental illness who are suicidal or who pose a threat of gun violence to family members or other individuals. Passed HCPAC and HJC, awaiting vote in the House.

**HB 153** *Suicide awareness training.* Rep. Patricio Ruiloba. Requires virtually all licensed health care providers to receive a one-hour training annually on suicide awareness and prevention. Passed HHHC, pending in HJC.

**HB 267** *Info sharing and local councils.* Rep. Daymon Ely. Allows for information sharing without individual consent for research purposes or for continuity of care for persons with mental illness or developmental disabilities who are entering or being discharged from criminal justice facilities. Establishes local criminal justice coordinating councils and provides grants for reform initiatives. The bill includes an appropriation of \$35.5 million. Passed HSEIC, pending in HJC, then HAFC.

**HB 342** *Criminal justice reforms.* Rep. Antonio Maestas. One part of this omnibus bill is nearly the same as HB 43, above, directing HSD to develop a method for meeting the needs of persons with behavioral health diagnoses when they are in jail or prison and to connect them with supports and services when they are released. HSD would be required to set up a grant program for counties seeking funds to implement the program. This bill is not limited to non-violent offenders, and because there is no appropriation in the bill, these provisions would not go into effect until funding is provided. HJC.

**HB 348** *Emergency MH evaluations and restrictions on release of information.* Rep. James Strickler. Current state law allows a mental health professional to ask law enforcement officers to detain and transport an individual for emergency evaluation and treatment if the person poses an immediate danger to self or others due to mental illness. This bill would allow the law enforcement officer to enter a building where the person is believed to be present, in order to carry out the detention and transport, without the consent of the person or the owner of the building. The bill confirms that a law enforcement officer may enter a building without consent when there is an emergency and an immediate need to assist a person or protect property. In addition, the bill extensively amends the state MH/DD Code to separate a police report containing information about a person's mental health condition from any other police report related to that person. The record containing mental health information, and any police officer dash camera or belt camera recordings, would generally be confidential and not subject to release to the public except by court order. A judge considering a request for an order to release such information would be required to balance the public interest, the individual's right to privacy, and the individual's best interest. HHHC/HJC. *HHHC hearing scheduled for Monday, Feb. 11.*

**HB 364** *Limiting solitary confinement.* Rep. Antonio Maestas. Prohibits jails and prisons from placing persons with serious mental illness in solitary confinement ("restricted housing"). This prohibition would not apply during the first five days of detention, and would cover persons whose diagnosis is known to the facility and those who are exhibiting obvious signs of mental illness. The bill also covers juveniles and pregnant women. HHHC/HJC.

**SB 128** *Behavioral health clinic funding.* Sen. Mary Kay Papen. Would allow behavioral health clinics in rural or other underserved areas, if owned by a county or municipality, to access funding from the Behavioral Health Capital Fund to assist with construction, repair or remodeling. Passed SPAC, pending in SFC.

**SB 141** *Interstate psychology compact.* Sen. Jerry Ortiz y Pino. Adopts an interstate agreement regulating the temporary practice of psychology across state lines through tele-psychology. Passed SPAC, pending in SJC.

**SB 152** *MH-DD Code grievance procedure.* Sen. Liz Stefanics. Requires the Department of Health to establish a grievance procedure to address disputes related to a client's consent to mental health treatment or a determination that the client lacks the capacity to consent. Held over in SPAC while sponsor works on potential amendments.

**SB 250** *Rural wrap-around services.* Sen. Mary Kay Papen. Appropriates \$7 million to the Human Services Department as the initial funding for a new program of supports and services to adolescents and adults with severe mental illness. The grant program would be focused on rural and underserved areas and would support case management, housing, employment, and other

services intended to reduce relapse and promote and support independence. SPAC/SFC. *SPAC hearing scheduled for Tuesday, Feb. 12.*

**SB 334 AOT Funding.** Sen. Mary Kay Papen. Provides \$1 million to DOH to pass through to cities or counties that have implemented an Assisted Outpatient Treatment program for involuntary treatment of individuals with mental illness. Passed SPAC, pending in SFC.

**SB 495 Add members to BH Collaborative.** Sen. Jerry Ortiz y Pino. Adds three members to the Behavioral Health Purchasing Collaborative: one representative each from the Behavioral Health Providers Association, the Municipal League, and New Mexico Counties. SRC/SPAC.

### Brain Injury

**SB 134 Brain injury fund appropriation.** Sen. Jerry Ortiz y Pino. Appropriates \$500,000 for the Brain Injury Services fund. Passed SPAC, pending in SFC.

**SB 171 Brain injury fee increase.** Sen. Bill Tallman. Increases from \$5.00 to \$6.40 the portion of traffic violation fines that goes to support the Brain Injury Services Fund. *Tabled indefinitely* in SJC and very unlikely to move forward.

**SB 327 Non-waiver of fine supporting BI fund.** Sen. Cliff Pirtle. Requires that if an individual is cited for a traffic violation, the portion of the fine that is earmarked to support the Brain Injury Service Fund (currently \$5 dollars) cannot be waived, deferred or suspended by a court. SCORC/SFC.

### Deafness/Blindness

**HB 96 Blind parents' rights.** Rep. Tomas Salazar. Prohibits blindness from being used as a basis for denial of parental rights. Passed HHHC, pending in HJC.

**HB 243 Instructional opportunities for children with hearing impairment.** Rep. Dayan Hochman-Vigil. Requires all school districts and charter schools to provide individualized instruction for children who are deaf or have moderate to severe hearing loss. The bill is intended to promote easier access to programs based solely on oral communication skills for children with hearing aids or cochlear implants. Public schools could provide such services directly or pay for placements at private schools such as the Presbyterian Ear Institute. Amendments to the bill are expected that would align language in the bill with the provisions of the federal Individuals with Disabilities Education Act (IDEA). Passed HHHC, pending in HEC.

### Developmental Disabilities

**HB 68 Reduce the DD Waiver waiting list.** Rep. Liz Thomson. Directs the Department of Health to move 600 individuals on the waiting list into waiver services each year over the next five years, and appropriates \$25 million to the Department of Health for this purpose. Passed HHHC, pending in HAFC.

**HB 69 Early detection of cerebral palsy.** Rep. Liz Thomson. Appropriates \$200,000 to the Department of Health to provide training to health care professionals on new methods for early detection of cerebral palsy. Passed HHHC, pending in HAFC.

**HB 354 Autism diagnosis and services.** Rep. Liz Thomson. Appropriates \$3.6 million to the Department of Health to fund diagnostic and support services and a regional office on autism at both NMSU and UNM, to provide DD waiver services to youth who are now in residential treatment facilities, and to fund an intensive residential supports program at UNM. It also appropriates \$400,000 to CYFD for wrap-around services for high-needs youth. HHHC/HAFC. *HHHC hearing scheduled for Monday, Feb. 11.*

**HB 422** *DDPC membership and duties*. Rep. Joanne Ferrary. Updates the provisions of NM law establishing the DD Planning Council to align with the provisions of federal law that govern the Council. HHC/HSEIC/HJC.

**SB 355** *DD provider rate increases*. Sen. Nancy Rodriguez. Appropriates \$5 million for rate increases for agencies providing direct care services to individuals in the DD waiver program. SPAC/SFC.

**SM 25** *Medically fragile waiver task force*. Sen. Liz Stefanics. Calls on the Center on Development and Disability at UNM to convene a task force to develop recommendations for amendments to the Medically Fragile waiver program. SRC/SPAC.

### Education Issues

**HB 5** *Education changes*. Rep. Sheryl Williams Stapleton. Proposes a variety of changes to education policy and funding processes, including higher teacher salaries, funding for extended school time, more professional development time, and requirements that school districts report on how they spend the funding they generate based on special education enrollment. Same as SB 1, below. HEC/HAFC. Passed HEC, pending in HAFC.

**HB 510** *School bus attendants*. Rep. Natalie Figueroa. Requires that there be at least one adult attendant on every school bus transporting one or more students with disabilities. The attendant would have to be trained in first aid and CPR, and in how to administer medications in an emergency situation. HHC/HEC.

**SB 1** *Education changes*. Sen. Mimi Stewart. Same as HB 5, above. Passed SEC, pending in SFC.

**SB 48** *Diabetes management in schools*. Sen. Mimi Stewart. Requires training of public school staff in diabetes management, requires school personnel to provide diabetes management services in conjunction with an approved plan for individual students, and allows students to self-manage their diabetes in school settings. *Part of the "rocket docket"*. **Passed the Senate and House, signed into law by the governor.**

**SB 179** *Lottery scholarship eligibility*. Sen. Liz Stefanics. Extends lottery scholarship eligibility to students with disabilities who had to attend an out-of-state high school in order to receive a free, appropriate education (as required by the Individuals with Disabilities Education Act), if they graduated from an accredited school. *Part of the "rocket docket"*. **Passed the Senate and House, signed into law by the governor.**

**SB 204** *Medical marijuana in schools*. Sen. Candace Gould. Directs public schools to allow parents/guardians or designated school personnel to store and administer medical marijuana in the school if the child is certified to receive it under state law because of the child's medical condition, but allows schools to opt out of this requirement in certain circumstances. Passed SPAC, pending in SJC.

**SB 229** *School support and accountability*. Sen. Mimi Stewart. Repeals the A-B-C-D-F school rating system and replaces it with a new set of criteria for rating schools. Reports on school performance would have to include data specific to students with disabilities. Passed SEC with amendments, pending in SPAC.

**SB 398** *Screening and services to children with dyslexia*. Sen. Mimi Stewart. Requires all school districts to screen first grade children for possible dyslexia, and to develop and implement a literacy training program for all elementary school teachers. The original version of the bill would repeal a provision in existing law requiring notice to parents that they may request a special education evaluation at any time while the child is receiving services recommended by a Student Assistance Team, but the sponsor plans to amend the bill to remove that provision. SPAC/SEC.

**SB 467** *Students in Need of Accommodations*. Sen. Linda Lopez. “Michael’s Law” would establish extensive new requirements on public schools designed to provide individually appropriate supports and services to students with behavioral challenges and reduce referrals of students to the juvenile justice system. Most of the requirements in the bill would be triggered after a student’s first violation of any provision of a school’s code of conduct. The bill would require schools to adopt policies providing for the limited use of seclusion and restraint, in conflict with current provisions of law that prohibit seclusion and restraint except in cases of emergency. SEC/SJC.

#### Health Care

**HB 48** *Training on assisted listening technology*. Rep. Patricia Roybal Caballero. Requires audiologists and other hearing aid dispensers to provide information about assisted listening systems. Passed HHHC, pending in HSEIC.

**HB 70** *Health insurance coverage of prosthetics and orthotics*. Rep. Liz Thomson. Requires insurance policies to cover prosthetics and orthotics to at least the same extent as Medicare and on terms equivalent to other covered services. Passed HHHC, pending in HCEDC.

**HB 72** *Occupational therapy practice act*. Rep. Liz Thomson. Updates the OT practice act to reflect current standards and practices. *Part of the “rocket docket”*. **Passed the House and Senate, signed into law by the governor.**

**HB 81** *Limiting co-pays for therapy services*. Rep. Eliseo Alcon. Limits the co-pays that insurance companies charge for occupational therapy, physical therapy, or speech/language therapy to the amounts they charge for primary care visits. Passed HHHC, pending in HCEDC.

**HB 88** *Health care value & access commission*. Rep. Debbie Armstrong. Establishes a state commission to gather data about health care services and costs and to make recommendations to improve and better coordinate the provision of health care services in NM. Same as SB 101, below. Passed HHHC, pending in HAFC.

**HB 90** *Aid in Dying*. Rep. Debbie Armstrong. Authorizes prescriptions that an individual with a terminal illness could self-administer that would bring about the person’s death. Amended to apply to individuals expected to die due to the illness within six months, and eliminates the use of tele-health as a mechanism for a consulting health care professional to confirm the person’s capacity and voluntariness. Similar to SB 153, below. Passed HHHC, pending in HJC. *HJC vote expected on Monday, Feb. 11.*

**HB 142** *Pre-existing condition exclusions*. Rep. Patricia Roybal Caballero. Prohibits health insurers from denying coverage to persons with pre-existing conditions, but does not prohibit higher premiums for coverage or annual or lifetime coverage limits. HHHC/HJC.

**HB 143** *PCS rate and wage increase*. Rep. Christine Trujillo. Provides \$6 million to HSD to increase provider reimbursement rates for Medicaid personal care services, with a requirement that at least half of the money be used to increase wages for the workers who provide personal care services. Passed HHHC, pending in HAFC.

**HB 213** *Family and medical leave program*. Rep. Patricia Roybal Caballero. Creates a new benefit program allowing employees to take paid leave to take care of themselves or other family members experiencing a serious medical condition. The benefit would be paid for through employee contributions and administered by the Department of Workforce Solutions. HCEDC/HJC/HEC.

**HB 264** *Family and medical leave program*. Rep. Christine Chandler. This bill also creates a new benefit program providing paid leave for employees who need to take care of themselves or a family member due to a serious medical condition. The program would be funded by both employer and employee contributions. HCEDC/HJC/HEC.

**HB 285** *Short-term and limited-benefit insurance plans*. Rep. Micaela Cadena. Establishes state standards for these plans and authorizes the Superintendent of Insurance to regulate them. HHHC/HCEDC. *HHHC hearing scheduled for Monday, Feb. 11.*

**HB 295** *Health Security Act*. Rep. Debbie Armstrong. Establishes a state Health Care Commission, beginning in 2021, with the authority to design a single-payer health care system for the state of New Mexico. The bill calls for the development of a plan for adding long-term services and supports to the plan after the first year of plan implementation. Same as SB 279, below. Passed HHHC, pending in HSEIC, then HAFC.

**HB 322** *Autism coverage*. Rep. Liz Thomson. Prohibits health insurance companies and the Medicaid program from imposing age limits or expense limits on covered services for persons with autism. Such limits are prohibited under the federal Affordable Care Act, which has been challenged in court, but are not currently included in state law. HCPAC/HHHC. Passed HCPAC, pending in HHHC.

**HB 414** *Nursing home closures*. Rep. Susan Herrera. Requires nursing homes to provide at least 90 days notice to residents, the Long-Term Care Ombudsman and others before a facility can be closed, and requires transition planning for the residents. HHHC/HJC.

**HB 416** *Medicaid buy-in*. Creates a Medicaid buy-in program to offer a new health coverage option that will increase affordability and access to care by leveraging the Medicaid program. Same as SB 405, below. HHHC/HAFC. *HHHC hearing scheduled for Monday, Feb. 11 to act on amendments to the bill.*

**HB 436** *Incorporate ACA protections into state law*. Rep. Liz Thomson. Amends New Mexico law to include many of the provisions of the ACA, such as prohibiting denial of coverage based on pre-existing conditions, prohibiting charging higher premiums based on a person's disability, requiring coverage of essential health benefits, eliminating co-pays for preventive services, etc. HHHC/HSEIC/HJC.

**SB 41** *Medicaid providers due process*. Sen. Mary Kay Papen. Provides protections for Medicaid providers accused of fraud. Passed SJC, *SFC hearing scheduled Monday, Feb. 11.*

**SB 85** *Domestic worker minimum wage*. Sen. Liz Stefanics. Repeals a provision of state law that exempts "domestic workers" from minimum wage protections. This would assure that personal care workers, among others, would receive at least the state minimum wage, and that the Department of Workforce Solutions would enforce their rights to such wages. Passed SPAC, pending in SCORC.

**SB 101** *Health care value & access commission*. Sen. Jeff Steinborn. Same as HB 88, above. Passed SPAC, pending in SJC, then to SFC.

**SB 112** *Limiting insurance policy changes*. Sen. Liz Stefanics. The substitute version of the bill passed by SPAC prohibits health insurers from changing coverage or co-pays for prescription drugs during a plan year, and requires notice of any proposed changes at least 90 days before a new plan year. Passed SPAC; pending in SJC.

**SB 123** *Using sick leave for caregiving*. Sen. Liz Stefanics. Allows employees of private businesses as well as state and public school employees who have accumulated sick leave provided by their employer to use such leave for the purpose of caring for an ailing family member. Passed SPAC, pending in SJC.

**SB 153** *Aid in dying*. Sen. Liz Stefanics. Same as original version of HB 90, above. SPAC/SJC.

**SB 185** *Monitoring neurological disorders*. Sen. Jeff Steinborn. Appropriates \$100,000 to DOH to establish a program to monitor the incidence of neurological disorders and to identify, prevent and treat such disorders. Passed SPAC, pending in SFC.

**SB 279** *Health Security Act*. Sen. Carlos Cisneros. Same as HB 295, above. Passed SPAC, pending in SJC and then SFC.

**SB 405** *Medicaid buy-in*. Sen. Jerry Ortiz y Pino. Same as HB 416, above. SPAC/SFC.

### Housing/Home Modifications

**HB 82** *Home rehab for veterans*. Rep. Eliseo Alcon. Appropriates \$2 million to the Mortgage Finance Authority to rehabilitate homes owned and occupied by low-income veterans; includes home modifications for accessibility. Same as SB 46, below. Passed HLVMC, pending in HAFC.

**HB 483** *Zoning accommodations*. Rep. Gregg Schmedes. Requires local zoning authorities to permit a second small home on a residential lot, even in an area zoned for only one home per lot, if the second home is for the residence and care of a person with disabilities. HLLC/HJC. *HLLC hearing scheduled for Thursday, Feb. 14.*

**SB 46** *Home rehab for veterans*. Sen. Richard Martinez. Same as HB 82, above. Passed SPAC, pending in SFC.

**SB 139** *Funding for GCD programs*. Sen. Jerry Ortiz y Pino. Appropriates \$300,000 to the Governor's Commission on Disability for its assistive technology and home modifications programs. Passed SPAC, pending in SFC.

### Motor Vehicles/Accessible Parking

**HB 136** *Voluntary driver registry*. Rep. Liz Thomson. Allows but does not require persons with disabilities to note, in conjunction with their car registration, that they have a disability that might affect their ability to communicate. Law enforcement officers would be required to consult the registry prior to interacting with a motorist and to take appropriate steps when attempting to communicate with a driver or regular passenger who is on the registry. Passed HTPWC, pending in HJC.

**HB 209** *Car registration fee waiver*. Rep. Miguel Garcia. Allows a low-income person with a severe, permanent disability to register one vehicle owned by the person without having to pay the usual registration fee. HTPWC/HTRC.

**HB 245** *Accessibility icon on specialty plates*. Rep. Dayan Hochman-Vigil. Directs the Motor Vehicle Division to develop an accessibility emblem or decal that could be affixed to any other specialty license plate. Same as SB 206, below, but not part of the "rocket docket". HTPWC/HTRC.

**HB 248** *Blocking accessible parking spaces*. Rep. Martin Zamora. Makes it unlawful to park a motor vehicle in such a way that it blocks access to an accessible parking space, and establishes a fine of \$250 to \$500 for violations (the same as illegally parking in an accessible space). Passed HTPWC, pending in HJC.

**SB 189** *Parking placards for disability agencies*. Sen. Sander Rue. Allows agencies that own or lease vehicles used to transport individuals with disabilities to obtain parking placards for those vehicles, allowing them to be parked in accessible parking spaces. *Part of the "rocket docket"*.

**Passed the Senate and House, signed into law by the governor.**

**SB 206** *Accessibility icon on specialty plates*. Sen. Mark Moores. Same as HB 245, above.

*Although this bill is part of the "rocket docket", it is not receiving the expedited handling for other bills on that list.* SCORC.

**SB 236** *2<sup>nd</sup> free license plate for disabled veterans*. Sen. Ron Griggs. Allows disabled veterans to obtain two free specialty license plates rather than one as allowed under current law. *Part of the "rocket docket"*. **Passed the Senate and House, signed into law by the governor.**

### Protective Arrangements and Services / Investigations

**HB 61** *Sexual assault study*. Rep. Christine Trujillo. Appropriates \$450,000 to the Crime Victims Reparation Commission to conduct a study of sexual assaults against persons with

disabilities and to identify needed improvements in data collection to support future steps to address this problem. Passed HHC, pending in HAFC.

**SB 42** *Expanding the use of “silver alerts”*. Sen. Richard Martinez. Expands these alerts to include endangered missing persons of any age who have dementia, and to all endangered missing persons over 50 years old. It also expands the dissemination of such alerts. Passed the Senate 38-0; HCPAC/HJC.

**SB 395** *Guardianship reforms*. Sen. James White. Clarifies the right of allegedly incapacitated persons to participate, present evidence, and cross-examine witnesses during court hearings. Strengthens the requirement for a court review of existing guardianships at least every ten years by requiring the appointment of an investigator to assess the person’s capacity and to report to the court on the need for continuing guardianship. Requires professional guardians and conservators to be certified and in good standing with a national or state certifying organization. Deletes an existing provision giving guardians of adults all the same rights as a parent of a minor child. SPAC/SJC.

**SM 22** *Sexual assault task force*. Sen. Linda Lopez. Calls for a task force, appointed by the Legislature, to make recommendations on how to improve and coordinate reporting of sexual assaults against individuals with disabilities. SRC/SPAC. *SRC hearing scheduled for Monday, Feb. 11*

#### Tax Exemptions/Limitations

**HJR 3** *Low-income property tax exemption*. Rep. Miguel Garcia. Would amend the state constitution to exempt very low-income persons with severe disabilities from property taxes on a home they own and occupy. HLLC/HTRC.

**HB 429** *Increasing income limits for property tax limitation*. Rep. Bill Rehm. Same as SB 220, below. HLLC/HTRC.

**SB 220** *Increasing income limits for property tax limitation*. Sen. Peter Wirth. Current law sets limits on increases of property taxes for low- to moderate-income homeowners who are elderly or have severe disabilities. This bill increases the income cap to qualify for the limitation from \$32,000 to \$35,000. Passed SPAC, pending in SCORC. *SCORC hearing scheduled for Monday, Feb. 11.*

#### Other

**SB 53** *State park accessibility*. Sen. Jeff Steinborn. Requires the adoption of state rules intended to make state parks as affordable for and accessible to all state residents as possible. SCONC/SPAC. *SCONC hearing scheduled for Tuesday, Feb. 12.*
