Promoting and Protecting the Rights of Persons with Disabilities

DISABILITY ISSUES IN THE 2011 LEGISLATURE STATUS REPORT #3

February 7, 2011

By Jim Jackson, Executive Director
DISABILITY RIGHTS NEW MEXICO

Disability Rights Awareness Day. The disability community's annual legislative gathering is taking place on Monday, Feb. 21 at the Courtyard Marriott in Santa Fe, and on Tuesday, Feb. 22 at the state capitol. For a full agenda of the two-day event, visit the DRNM web site, www.drnmm.org.

Government restructuring proposals taking shape. A number of bills have been introduced that would affect agencies that provide services to people with disabilities. They reflect different approaches to restructuring, and some conflict with each other.

- SB 158 would eliminate the Governor's Commission on Disability and the Brain Injury Advisory Council, transferring GCD's functions to the Aging and Long Term Services Department and the BIAC's functions to the DD Planning Council. HB 189 would abolish the Aging and Long-Term Services Department and transfer its programs to the Human Services Department.
- HB 94, SB 15 and SB 162 would each create a new health financing agency that would administer Medicaid and behavioral health (now at HSD), the CoLTS long term services waiver program (now at ALTSD), and the Medically Fragile waiver program (now at DOH).
- HB 88 would set up "sunset" dates for about 85 state boards, commissions, councils, and other groups, including the DD Planning Council, the Behavioral Health Planning Council, the Commission for the Blind, the Commission for the Deaf and Hard of Hearing, and the Civil Legal Services Commission. Each agency would be reviewed about every six years by the Legislative Finance Committee, which would then have to recommend to the legislature that the agency be extended, eliminated, or modified.

Bills starting to move: A few bills have taken their first step in the legislative process – review and approval in their first assigned committee. A memorial to look at alternatives to jail for persons with mental illness (HJM 17) was strongly supported in HHGAC and will soon be voted upon by the full House. SB 21, to end the managed care model for behavioral health services, was unanimously approved in SPAC. HB 91, which transfers \$300,000 from the Brain Injury Fund to the state's general operating fund, moves on to HAFC but did draw some criticism from members of HEC.

Today (Monday, Feb. 7), a HAFC subcommittee will be reviewing the budget recommendations for the DD Planning Council, DVR, the Governor's Commission on Disability, and the Commission for the Blind. On Tuesday, HB 93 (requiring training for police officers on interventions with people with mental illness) will be heard in HCPAC.

Lots of new bills in the past week. A number of new disability-related bills were introduced in the past week and are now included in the bill summary of this report, below. For example:

- HB 271, extending guardianship powers after the death of the protected person
- SB 297, removing the \$3,500 limit on insurance coverage of early childhood services for children with developmental disabilities
- HB 321, requiring schools to report data on suspensions/expulsions
- SB 314, establishing recommended school services for children with autism
- SB 330, requiring 3-year olds in the FIT program to be served in the public schools

Bills and Memorials of Interest to the Disability Community

Committee assignments for each bill are shown at the end of the summary of the bill. An explanation of abbreviations is included in the Reference section at the end of this report.

Brain Injury

HB 91 Reductions in fund balances. Rep. Lucky Varela. This bill transfers monies from certain specialized funds to the state's general fund to meet current state spending needs. The bill includes a transfer of \$300,000 from the Brain Injury Fund, reducing that fund's ability to meet future needs for persons with brain injury. Passed HEC; pending in HAFC.

Developmental Disabilities

HB 243 Therapeutic horseback riding. Rep. Candy Ezell. Appropriates \$75,000 to DFA for a therapeutic horseback riding program in Dexter, NM, to provide physical, cognitive and behavioral therapy. HCPAC/HAFC.

HJM 13 Review of CDD programs. Rep. Danice Picraux. This memorial calls on the Center on Development and Disabilities at UNM to do a financial and legal review of its various programs. This memorial has been withdrawn and will probably be replaced with a new one that looks to encourage the Center's interest in providing services to adults with autism. HHGAC.

HJM 16 Value and dignity of persons with developmental disabilities. Rep. Rick Miera and Sen. Tim Keller. This memorial calls on the governor and the legislature to recognize and respect the value and dignity of persons with developmental disabilities. HCPAC.

SB 297 Remove limits to early childhood insurance coverage. Sen. Jerry Ortiz y Pino. Current law requires most state-regulated health insurance policies in New Mexico to cover the cost of early childhood services to children up to three years old with developmental disabilities, up to an annual limit of \$3,500 worth of services. This bill would eliminate the annual cap on coverage. SPAC/SCORC.

Education

HB 172 Prohibiting corporal punishment. Rep. Rick Miera. This bill deletes corporal punishment from the list of allowable disciplinary measures that public schools can impose on

students. An amendment is expected that would more clearly prohibit the use of corporal punishment. Identical to SB 319. HCPAC/HEC.

HB 321 Public school data reporting. Rep. James Roger Madalena. This bill would require the PED to obtain, maintain and report data on suspensions/expulsions in public and charter schools, to include data by gender, race/ethnicity, special education status, and related information. It would also add family members and advocates to the group that helps plan and oversee data collection from the schools. HCPAC/HJC.

SB 142 Ancillary program units. Sen. Cindy Nava. This bill limits the number of “ancillary services” units that public schools can generate under the school funding formula, based on the number of children in the district and the number in special education programs. Ancillary services typically include occupational, physical and speech therapy but may include other services. The concern behind the bill is that some school districts may be inflating the need for services in order to generate more funding. SEC/SFC.

SB 192 Special education amendments. Sen. Lynda Lovejoy and Rep. Mimi Stewart. This is a package of technical amendments to state special education law that will more closely align state definitions and requirements with the provisions of the federal IDEA. The bill also explicitly authorizes programs and services for children with developmental delay; these programs are already in place state-wide but not specifically authorized in state law. SEC/SPAC.

SB 226 Limiting lottery scholarships. Sen. William Payne. This bill would generally require lottery scholarship recipients to maintain a full-time course load and complete their degree within five years in order to maintain their scholarship. However, the bill provides an exception for students with disabilities who might need to take courses on a part-time basis and might take more than five years to complete a degree. SEC/SJC/SFC.

SB 314 Autism evaluation and services. Sen. Clinton Harden. This bill would define autism for purposes of special education and require schools to consider a variety of potential appropriate educational interventions for children when developing individual educational plans for them. SEC/SPAC.

SB 319 Prohibiting corporal punishment. Sen. Cindy Nava. This bill is identical to HB 172 and deletes corporal punishment from the list of allowable school punishments. SEC/SPAC.

SB 330 Limit FIT placement options. Sen. Cindy Nava. Under current law, if a child enrolled in a Family, Infant, Toddler program regulated by the Department of Health turns 3 years old during the school year, the family has the choice of either continuing the child in the FIT program for the remainder of the school year or enrolling the child in the public school’s pre-school program for 3-5 years olds. This bill would eliminate the FIT continuation option, and presumably require the family to enroll the child in the public school program. SEC/SPAC.

SB 398 Special needs student scholarships. Sen. Jerry Ortiz y Pino. This bill would authorize the creation and recognition of organizations to provide scholarships to the families of special needs students to assist them in attending the public or non-public school of their choice. Contributions by taxpayers to such organizations would be tax deductible. SEC/SFC.

Government Restructuring

HB 66 Administrative services by DFA. Rep. Lucky Varela. Under this bill, the Department of Finance and Administration (DFA) would provide budgeting and administrative services for all state agencies with fewer than 20 employees rather than having those functions handled in-house at each agency. This would affect the DD Planning Council, the Governor’s Commission on Disability, and other small agencies. HHGAC/HTRC/HAFC.

HB 88 State agency sunsets. Rep. Paul Bandy and Sen. Lynda Lovejoy. This bill would apply “sunset” dates to a variety of boards, commissions, and agencies, including the DD Planning Council, the Behavioral Health Planning Council, the Commission for the Blind, the Commission for the Deaf and Hard of Hearing, the Civil Legal Services Commission, and others. Each such agency would be reviewed by the Legislative Finance Committee in the year prior to the sunset date, and the LFC would then be required to propose legislation to either extend or terminate each agency. HHGAC/HBIC/HAFC

HB 94 Health Care Financing Agency. Rep. Danice Picraux. As amended in HHGAC, this bill would create a new state agency that would administer Medicaid (including the CoLTS managed long-term care program), the Medically Fragile waiver now at DOH, behavioral health and other programs. The bill does not move the DD waiver from the Department of Health at this time. HHGAC/HEC/HAFC.

HB 189 Transfer ALTSD programs to HSD. Rep. Al Park. This bill would eliminate the Aging and Long Terms Services Department and transfer all of its programs and personnel to the Human Services Department. HCPAC/HHGAC/HAFC.

SB 15 Health Policy and Financing Agency. Sen. Dede Feldman. This bill would create a new state agency that would include public employee health insurance, the Health Policy Commission, Medicaid, behavioral health, long-term services (including CoLTS) now housed at ALTSD, the medically fragile waiver now at DOH, and other programs. It would also restructure two of the legislature’s interim committees. The bill does not move the DD waiver program from the Department of Health at this time. SRC/SPAC/SFC.

SB 67 Administrative Hearings. Sen. John Ryan. This bill would create a new government entity that would employ the hearing officers who act as judges in administrative appeals, rather than having that function handled by the individual agencies whose decisions are being appealed. This would include appeals involving decisions by Medicaid, DVR, the DD division, etc. This bill reflects a recommendation from the Government Restructuring Task Force and may give hearing officers more independence from the provider agencies. SRC/SJC/SFC.

SB 104 Administrative Hearings. Sen. Tim Eichenberg. This bill is identical to SB 67, above. SRC/SJC/SFC.

SB 158 Repeal certain boards and commissions. Sen. Lynda Lovejoy and Rep. Paul Bandy. This bill would eliminate the Governor’s Commission on Disability and the Brain Injury Advisory Council (along with many other boards and commissions). GCD’s current functions would be transferred to the Aging and Long-Term Services Department, where a new “Disabilities Concerns” division would be created to carry out those activities. This new division would have responsibility for any federal disability program that was not assigned by law to some other state agency. The BIAC’s functions would be transferred to the DD Planning

Council, and the new division at ALTSD would be directed to coordinate with DDPC on issues affecting persons with brain injuries. SRC/SPAC/SFC.

SB 162 Health Administration and Finance Agency. Sen. Linda Lopez. This is another bill to create a new agency housing health policy and coverage programs, including Medicaid, behavioral health, long-term services, and others. Similar to HB 94 and SB15. SRC/SPAC/SFC.

Health Care

HB 33 Health Insurance Exchange. Rep. Danice Picraux and Sen. Dede Feldman. Establishes a framework for implementation of the state health insurance exchange consistent with federal health care reform. The Exchange would be established as an independent quasi-governmental agency with a board of directors appointed by the governor and by the legislative leadership. A substitute version passed HCPAC; pending in HHGAC.

HB 124 Provider notice to patients. Rep. Al Park. These amendments to the Uniform Health-Care Decisions Act would require medical providers to identify themselves to patients by name and professional category (doctor, physician's assistant, nurse, etc) prior to carrying out medical procedures on the patient. HHGAC/HJC

HB 373 Financial impact of Medicaid changes. Rep. Rhonda King. This bill would require the Secretary of the Human Services Department to submit a report describing the fiscal impact of any proposed changes to the Medicaid state plan or any waivers of Medicaid requirements requested of the federal government, at least 60 days prior to submission of any such changes. HHGAC/HAFC.

HJM 9 Amendments to Affordable Care Act. Rep. Mimi Stewart. This memorial asks our Congressional delegation to support changing the federal health care reform law to move up the date when states may ask for permission to pursue other approaches to expanding health coverage as alternatives to the health insurance exchange. Currently, such waivers will not be available until 2017. Passed HHGAC, awaiting vote by the full House.

SB 22 Health care provider protection and ombudsman. Sen. Jerry Ortiz y Pino. In addition to establishing greater protections for health care providers in their relationship to managed care organizations, this bill would create an independent health care ombudsman program. The ombudsman would be available to assist consumers as well as providers with problems related to managed care companies. The Superintendent of Insurance would select the ombudsman but the program would have to be operated by one or more contractors independent from the Insurance Division. SCORC/SJC/SFC.

SB 38 Health Insurance Exchange. Sen. Dede Feldman. This bill would establish a health insurance exchange program in New Mexico to fulfill the requirements of federal health care reform. It is similar but not identical to HB 33. SPAC/SCORC/SFC.

SB 206 Eliminate Medicaid managed care. Sen. Jerry Ortiz y Pino. This bill would require the Human Services Department to provide Medicaid, the Children's Health Insurance Program, and the State Coverage Insurance program through contracts with individual providers or provider networks, and would prohibit the department from providing those services through contract with managed care companies. SPAC/SFC.

SB 370 Health Insurance Exchange. Sen. George Munoz. This bill also would establish a health insurance exchange program but takes a more limited approach to the scope of the exchange and relies heavily on the Superintendent of Insurance and the board of the existing medical insurance pool. SPAC/SCORC/SFC.

SJM 1 Health care reform work group. Sen. Dede Feldman. This memorial calls for continuation of the health care reform work group that was established last year to assist the state in preparing for and implementing the provisions of federal health care reform. SRC/SPAC.

Mental Health

HB 93 Mental health intervention training. Rep. Ed Sandoval and Sen. David Ulibarri. This bill would require police officer training in crisis intervention, confrontation de-escalation, and appropriate interaction with persons who have mental impairments. The training would be provided at the police academy for new officers and as an in-service for existing officers. The bill would also require law enforcement agencies to have policies promoting appropriate interventions for persons with mental illness. HCPAC/HJC.

HJM 17 Alternatives to incarceration. Rep. Rick Miera. This memorial calls for a task force of stakeholders to develop strategies to reduce the unnecessary incarceration of persons with mental illness. DRNM and NAMI-NM would be among the members of the task force. Passed HHGAC; awaiting vote by the full House.

HJM 23 Task force for children. Rep. Danice Picraux. This memorial calls on the Behavioral Health Purchasing Collaborative to convene a task force to develop recommendations on how to encourage parents, social workers, therapists and others to support children in school, and reduce aggressive behaviors and the need for clinical intervention. H AFC.

SB 21 End managed care in behavioral health. Sen. Jerry Ortiz y Pino and Rep. Antonio Lujan. This bill deletes the current requirement for the Behavioral Health Purchasing Collaborative to contract with one or more managed care entities to administer state behavioral health services, and instead calls for the state to contract directly with providers or provider networks. Passed SPAC; pending in SFC.

SB 175 Choice of MH Counselors. Sen. Bernadette Sanchez. This bill amends the provision of the Insurance Code that protects the right of an insured to choose their own provider within the limits imposed by the insurance plan, by adding “professional clinical mental health counselors” to the list of practitioners. The choice of provider is still subject to the limits of the insurance plan’s coverage, so the bill would not guarantee access to a provider outside the network of contracted providers in a plan that uses such a network. The provision does not apply to health maintenance organizations (HMOs). Passed SPAC; pending in SCORC.

Other bills may be introduced that would:

- Amend the state Mental Health Code to limit or eliminate the role of district attorneys in filing petitions for civil commitment, because of the time and resources required to file such petitions.
- Address the effects of solitary confinement on persons with disabilities and others

Self-Determination

HB 105 Electronic Voter Registration. Rep. Eleanor Chavez. This bill would allow people to register to vote on line, and authorize a link of their registration information to their driver's license in the MVD data base for the purpose of confirming identity. HCPAC/HVEC.

HB 229 Parental notification act. Rep. Alonzo Baldonado. This bill is identical to SB 230 (see below for summary and analysis). HCPAC/HJC.

HB 271 Extend guardianship powers. Rep. Bill O'Neill. This bill would extend certain specific powers of a guardian for up to one year after the death of a protected person, in order to make funeral arrangements, wrap up the person's affairs, and report to the court. At present, the guardian's authority is automatically terminated upon the death of a protected person. HCPAC/HJC.

HJR 11 Voting rights amendment. Rep. Brian Egolf. This is a proposed constitutional amendment that would change current language to lower the voting age to 18, and to allow school board elections to be held at the same time as regular primary or general elections. The proposal leaves in place the archaic and derogatory language in the same sentence of the constitution that prohibits voting by "idiots and insane persons". A broader proposal to address that language and otherwise update these provisions was on the ballot last year but did not pass by a large enough margin and was therefore not adopted. HEC/HVEC.

HJR 16 Voting Rights amendment. Rep. James White. This proposed constitutional amendment is similar to the amendment proposed by HJR 11 (above), but addresses only school board elections, directing that they be held at the same time as other elections. It would not change the offensive language prohibiting voting by "idiots and insane persons". HEC/HVEC.

SB 125 Limitations on driver's licenses after age 75. Sen. Peter Wirth. This bill is intended to implement the recommendations of a task force that addressed safe driving. The bill sets up increasingly shorter periods between license renewals once drivers get to be 75 years old. It also requires more extensive testing for these older drivers than for any other drivers; this provision was not recommended by the task force and is likely to be dropped from the bill. SCORC/SJC.

SB 146 Uniform Probate Code Amendments. Sen. William Payne. This package of amendments to the guardianship provisions of the Probate Code clarifies which state would have jurisdiction to address guardianship issues when the principal parties reside in different states. SPAC/SJC.

SB 230 Parental notification act. Sen. William Sharer. This bill would require notice to the parents of a minor child, or to the guardian or conservator of an adult woman found to be "incompetent", prior to the performance of an abortion, unless a court exempts the woman from the notification requirement. *DRNM's concerns with this legislation are that under New Mexico law, a conservator has no authority to approve or refuse an abortion, a guardian's authority to approve or refuse an abortion is questionable at best, and New Mexico does not use the term "incompetency" in the determination of guardianship or conservatorship.* SPAC/SJC.

Other

SB 65 Fees to Disability Fund. Sen. Phil Griego. This bill would add \$5 to all vehicle registration fees, \$4 of which would go to the "Disability Fund" administered by the Governor's Commission on Disability. This would generate about \$8 million per year to GCD to support a

variety of possible disability services, as determined by the GCD. *DRNM would prefer to see any new revenue used directly to reduce budget cuts to Medicaid, DVR, and other existing disability service programs.* SCORC/SFC.

SB 205 Protection of genetic information in employment. Sen. Cisco McSorley. This bill would establish protections for employees related to the collection and use of genetic information by employers. SCORC/SJC.

SB 286 Access aisle markings. Sen. Jerry Ortiz y Pino. This bill would require the access aisle next to certain accessible (“handicapped”) parking spaces to be more clearly marked as a no-parking area. SPAC/SCORC.

SB 334 Adult residential provider licensing. Sen. Tim Jennings. This bill would require owners and operators of residential facilities for seniors or persons with disabilities to provide extensive information to the state agency licensing the facility, and direct the state not to license any facility whose owner or operator has been involved in criminal activity, financial misdeeds or other disqualifying activities. SPAC/SJC.

Other bills may be introduced that would:

- Generate more income to the Commission for the Deaf and Hard of Hearing by raising the access fee for phone service from 0.33% to 0.5%, imposing the fee on internet (VoIP) phone service, and improving collection of the fee.

REFERENCE INFORMATION

Contacting Your Legislators. You can contact your senator or representative during the session:

Telephone: 505-986-4300. This is the Capitol switchboard operator: ask for your legislator by name and they will route your call to his/her office.

E-mail: To find your legislator’s e-mail address, log on to the Legislature’s “Find Your Legislator” web site, <http://www.nmlegis.gov/lcs/legislatorsearch.aspx>, and click on the “Alpha List” for either the House or the Senate. Not all legislators have listed email addresses.

U.S. Mail: Legislator’s name, NM State Capitol Bldg., Santa Fe, NM 87503

Don’t know who your legislators are? It’s easy to find out through the internet but you’ll probably need your full 9-digit zip code. If you don’t know that number, you can get it through the postal service using this link: <http://zip4.usps.com/zip4/welcome.jsp>. Then log on to the state legislature’s “Find Your Legislator” web page, <http://www.nmlegis.gov/lcs/legislatorsearch.aspx>. Under either the House of Representatives or Senate, click on the link to “Search by Name, District or Zip Code”. You’ll see a page with the photos and names of all the Representatives or Senators, with a search box near the top to search by zip code. Enter your five-digit zip code and click “Search”. If you get a list including more than one Representative or Senator, you’ll also get a search box at the bottom where you can enter the full 9-digit zip code. That search will result in a page that shows your specific Representative and Senator.

ABBREVIATIONS USED IN THIS REPORT

State Agencies

ALTSD	Aging and Long Term Services Department
CYFD	Children, Youth and Families Department
DDPC	Developmental Disabilities Planning Council
