

THE DISABILITY COALITION

Advocating for People with Disabilities of All Types

DISABILITY ISSUES IN THE 2021 LEGISLATURE STATUS REPORT #7

Jim Jackson, Coalition Chair

March 7, 2021

(See page 9 for a list of abbreviations, including legislative committees, used in this report.)

Committee hearings on Monday:

SEC (8:30 a.m.) – HB 93 Limiting suspension/expulsion

HJC (11:30 a.m.) – HB 223 MVD disability registry

SFC (after floor session) – SB 289 Special education act; SB 299 Accessibility logo on specialty license plates

SHPAC (after floor session) – SB 317 No co-pays for BH services; SB 342 Direct care worker wages; HB 20 Paid sick leave

Senate logjam. Fifteen of the 32 House bills we're following in this report have now passed that chamber and have been introduced into the Senate. **None** of the 30 Senate bills in this report have been voted on by the full Senate, so none of them have made it over to the House yet. The disparity isn't quite as stark when looking at **all** bills in play this year, but it's still significant. As of Sunday morning, March 7, the House had passed 129 House bills, plus 4 Senate bills. The Senate has passed 62 Senate bills plus 2 House bills.

“Break on through to the other side...” Among the bills that have passed the House and are now being considered in the Senate:

- HB 222, sponsored by Rep. Liz Thomson, creates a special education ombud program to be located in the DD Planning Council. It passed the House 68–0 and has only one committee referral in the Senate: SJC.
- HB 47, sponsored by Rep. Debbie Armstrong, is the end-of-life options act. It's passed its first Senate committee and has one more committee hearing – also in SJC – before it can be voted on by the full Senate.
- HB 214, sponsored by Rep. Joanne Ferrary, repeals an existing but unused provision in state law allowing the state to issue certificates permitting employers to pay employees less than the state minimum wage. It's been assigned to SHPAC and STBTC.

Bill to protect children in CYFD custody in limbo. HB 202 would have placed into state law a few of the provisions of a settlement agreement already accepted by the state of New Mexico that provide protections for these children. The bill was heard in HJC on Friday, but a motion to move the bill on to its next committee failed by a vote of 5–6, leaving the bill in limbo in Judiciary.

Advisory member

Public input/viewing information. Committee agendas are available through the legislative website (nmlegis.gov) under the “What’s Happening” tab on the legislative homepage. These agendas include information about how the public can comment on bills being heard in the committee. Committee meetings are also being webcast for viewing by people who don’t wish to provide comment and therefore don’t need to be part of the Zoom meeting; find them under the “Webcast” tab.

Reminder: Senate committees require you to alert the committee by email well in advance of the meeting if you want to provide public comment on a bill. House committees don’t ask you to sign up in advance but you have to have a Zoom account in order to join the meeting; sign up for free at <https://zoom.us/freesignup/>.

Bills and Memorials Introduced in the 2021 Session

This list is grouped by specific disability or subject matter and shows the bill number, sponsor, a description of the bill, the current committee assignments and action taken on the bill or memorial. Since the session is now half-way over, there are only two ways to introduce new bills: by request of the governor, or by conversion of one of the place-holder (“dummy”) bills assigned to party leaders and committee chairs. Memorials and resolutions can be introduced at any time.

Note: Due to the pandemic, both the House and the Senate have been holding less frequent floor sessions than they do in normal times, when they meet almost daily. This means that there are delays in the information on the legislative website, including the daily bill locator, catching up with committee action on a bill, because committee “reports” reflecting those actions must be accepted by the full chamber before they become part of the official record. That in turn means that this status report may not capture all committee action on some bills. With the session now in its final two weeks, daily floor sessions are becoming the norm so reporting is speeding up.

State Budget

HB 2 General Appropriations Act. Rep. Patty Lundstrom. This is the state budget bill that provides funding for most state agencies and programs. It passed the House by a vote of 60–10 and is now under review by the Senate Finance Committee. A package of amendments is typically adopted by the Committee, with the revised Senate version of the bill then sent back to the House near the end of the legislative session. See last week’s report for details of how the House version affects agencies and programs directly affecting persons with disabilities.

SB 377 General Appropriations Act II. Sen. George Munoz. This bill, typically referred to as “HB 2 Junior”, provides one-time supplemental funding for a very wide range of state agencies and programs. Each legislator is given the opportunity to allocate a certain amount of funding to programs of their choice. Each senator, for example, could allocate up to \$300,000 this year. So far, this bill contains only the allocations from senators, totaling about \$12.5 million. House members will have \$175,000 to allocate, and those will be added to the Senate bill once all their selections have been made. Items of interest to the disability community in the current version of the bill include additional funding for Special Olympics, civil legal services, deaf/blind support services, youth suicide prevention programs, support of disabled veterans, and mental health services for student athletes at UNM and NMSU.

Behavioral Health

HB 125 Behavioral health practice and oversight. Rep. Day Hochman-Vigil. Modifies some of the licensure requirements for psychologists and therapists, such as extending the period of temporary

New Mexico licensure for those licensed in another state and practicing here during a health care emergency. Passed the House 68–0; passed SHPAC, next goes to SJC.

HB 151 BH consortium for planning. Rep. Karen Bash. Calls for the establishment of a large “Bridges Across New Mexico” consortium of politicians, architects, business people and social service agencies to consider the need for additional residential facilities for mental health and substance abuse treatment, and for transitional and longer term housing. It also would develop a drug prevention program for students and review DWI laws and penalties. Similar to SB 191, below. Passed HHHC, pending in HAFC.

HB 178 Counseling and therapy practice extension. Rep. D. Wonda Johnson. Extends the board that oversees these practitioners for another six years (to 2027) and makes a few technical changes to the current authorizing statute. Unless extended, the board will terminate this July 1. Passed the House 67–0; passed SHPAC; next goes to STBTC.

HB 202 Child welfare improvements. Rep. Meredith Dixon. In its amended version, this bill would have put into law a few of the provisions in the settlement agreement in the *Kevin S.* lawsuit relating to children in CYFD custody. For example, except in “extraordinary circumstances”, it prohibited placement of children in hotels or motels, state offices or out-of-state facilities. State agency leaders claimed it was premature to act now and promised to support legislation once all implementation details and outcomes are worked out. Passed HHHC; remains in HJC after a motion to move the bill on failed. *Further action unlikely.*

HB 215 BH screening, intervention and referral. Rep. Day Hochman Vigil. Calls on HSD to provide Medicaid coverage for screening, brief intervention and referral for treatment (SBIRT) for persons who appear to have a substance abuse disorder or certain mental health conditions identified by HSD. Passed HHHC and HJC, awaiting House vote.

SB 119 Interstate compact on psychology. Sen. Jerry Ortiz y Pino. Brings New Mexico into the interstate agreement (compact) that allows someone appropriately licensed in another state to practice temporarily in New Mexico, and the same opportunity for those licensed here to practice in other states. Passed SHPAC, pending in SJC.

SB 128 Suicide prevention, response and treatment. Sen. Bill O’Neill. The substitute version of this comprehensive bill calls for a number of steps to be taken to assess whether a person admitted to an emergency room or mental health facility may be suicidal and to intervene when a person is believed to be suicidal. It establishes the BH Purchasing Collaborative as the lead agency to plan and coordinate these interventions. Passed SHPAC, pending in SJC.

SB 191 BH consortium for planning. Sen. Linda Lopez. The amended version of this bill is similar to but no longer identical to HB 151, above. Passed SHPAC, pending in SFC.

SB 285 Emergency transport for MH evaluation. Sen. Daniel Ivey-Soto. Under current law, police officers have the authority to detain and transport persons with a mental disability to an evaluation facility if they are suicidal or presenting a danger to themselves or others due to their disability. This bill would allow a police officer in such circumstances to have an EMT or other emergency medical responder transport the individual for the evaluation. A proposed amendment to ensure the individual would not have to pay for the cost of the ambulance transport was narrowly rejected in SJC. Passed SHPAC and SJC, awaiting Senate vote.

SB 317 No cost-sharing for BH services. Sen. Martin Hickey. Prohibits, for a five-year period beginning July 2022, any co-pays or other consumer cost-sharing for mental health and substance abuse services under health insurance policies regulated by the state of New Mexico. It would also require annual reports so the financial and health-related impacts of eliminating cost-sharing could be assessed. SHPAC/SFC. *SHPAC hearing scheduled for Monday, March 8.*

Brain Injury

SB 65 Brain injury study. Sen. Jerry Ortiz y Pino. Appropriates \$150,000 to the Department of

Health to collect data, review existing services, and recommend steps to improve and expand services to persons with brain injuries. Passed SHPAC, pending in SFC

SB 109 Brain injury services. Sen. Jerry Ortiz y Pino. Appropriates \$500,000 to the brain injury fund to support services for persons with brain injuries. Passed SHPAC, pending in SFC

Civil Rights

HB 4 Civil Rights Act. Rep. Georgene Louis. Allows an individual to sue any state or local public agency, including a school district, if it deprives the individual of rights granted under the state constitution. The defense of qualified immunity would be eliminated, and a successful litigant would be entitled to attorney's fees. Passed the House (39–29); passed through SHPAC without recommendation, pending in SJC.

HB 111 Housing discrimination issues. Rep. Andrea Romero. This bill includes a number of provisions to protect low-income tenants in rental arrangements with a current or prospective landlord. It prohibits refusing to show an available housing unit if the refusal is based on a prospective tenant's disability or any other characteristic protected by the Human Rights Act. It also prohibits retaliation against a tenant exercising his or her rights, such as requesting a reasonable accommodation based on disability. Passed the House on a party-line 42–25 vote; SHPAC/SJC.

HB 192 Human Rights Act Amendments. Rep. Brittney Barreras. Extends the anti-discrimination provisions of the state Human Rights Act, which currently applies to private businesses and the state as a whole, to any public body funded by a governmental entity, including school districts. Deletes outdated references in the current statute to “mental or physical handicap” and replaces them with “mental or physical disability”. Passed the House 52–14; awaiting Senate committee assignments.

Criminal Matters

HB 143 Crime victim interviews. Rep. Meredith Dixon. Authorizes children and incapacitated adults to refuse pre-trial interviews by defense attorneys in criminal cases or arrange for limited interviews conducted by a law enforcement officer rather than counsel for a defendant. Passed HCPAC, pending in HJC.

SB 69 Crimes against children with disabilities. Sen. Linda Lopez. Increases penalties for abandonment or abuse of a child if the child has a disability, making abandonment a fourth-degree felony rather than a misdemeanor, and a first-degree rather than second-degree felony when the abandonment results in death or great bodily harm. Passed SHPAC, pending in SJC, then referred to SFC.

Developmental Disabilities

SB 9 Special Olympics. Sen. Peter Wirth. Appropriates \$300,000 to the Department of Tourism to support Special Olympics. Passed SHPAC, pending in SFC.

SB 33 Early detection of cerebral palsy. Sen. Greg Schmedes. Appropriates \$200,000 to the Early Childhood Education and Care Department to fund training and technical assistance to health care workers to promote early detection of cerebral palsy (CP) in young children. Passed SHPAC, pending in SFC.

SB 190 Revise DDPC provisions in NM law. Sen. Siah Correa Hemphill. Updates provisions of state law applying to the DDPC to align with current federal law provisions. These changes involve the membership of the Council and its duties. In keeping with the intended alignment, the bill changes the name of the agency to the Developmental Disabilities Council. Passed SHPAC, pending in SJC.

SB 342 Pay increase pass-through. Sen. Liz Stefanics. Requires that at least 70% of any rate increases provided by the Legislature for services that are provided by direct care workers in the DD waiver programs be passed on to increase worker compensation, and that provider agencies report how they spent the new funding so that compliance can be tracked. Includes some basic data reporting about the

direct care workforce employed by DD waiver provider agencies to inform policymaking in this area. SHPAC/SFC. *SHPAC hearing scheduled for Monday, March 8.*

Education/Special Education

HB 93 Limiting suspension/expulsion. Rep. Ray Lara. Requires school districts to adopt disciplinary policies that call for suspension or expulsion to be used only as a last resort following use of alternative interventions and upon a determination that suspension/expulsion is the only safe response. Although the bill addresses behaviors that may be attributed to homelessness, adverse childhood experiences, or similar causes, its provisions would apply to students with disabilities as well. Passed the House 54–12; SEC/SJC. *SEC hearing scheduled for Monday, March 8*

HB 116 Add more professionals to 3-tier licensure. Rep. Liz Thomson. Adds a long list of school support professionals, such as audiologists, therapists, social workers and psychologists, to the three-tier salary structure established in state law that currently covers only teachers and administrators. The intent of the legislation is to make it more likely that when funds are appropriated to increase teacher salaries, these other professionals would also receive increases. Passed HEC, tabled in HAFC.

HB 213 Special ed fund for parent use. Rep. Candie Sweetser. Requires school districts to set aside a portion of the funds they are generating during the current school year based on special education enrollment, and allows parents to be reimbursed from those funds if they had to pay other providers for services in a child’s Individualized Educational Plan (IEP) that were not provided by the school. HEC/HAFC. *Heard in HEC but set aside by the chair of the committee; the bill’s future is uncertain.*

HB 222 Special education ombud. Rep. Liz Thomson. Creates the Office of the Special Education Ombud within the DD Planning Council. The Ombud program would investigate and resolve problems experienced by parents and students in obtaining appropriate special education services and assist in protecting the educational rights of students and parents. The Ombud would also identify systemic concerns and recommend solutions, review and comment on proposed changes to laws and policies, and provide an annual report on its activities and recommendations. Similar to SB 346, below. Passed the House 68–0; SJC.

HB 237 School for the Deaf and public schools. Rep. Antonio Maestas. This bill originally authorized the NM School for the Deaf to provide services to deaf or hard-of-hearing students who attend public school, prohibited NMSD from charging public schools when NMSD staff participate in IEP meetings or evaluations of public school students, and sought to achieve equity in funding for all school-age children with hearing impairment, most of whom are served in public schools around the state rather than at NMSD. It generated a storm of criticism from NMSD supporters who believed that it could result in diverting funding away from that institution. The bill was amended to remove all references to NMSD; nonetheless, after hours of public comment and debate over two days, the bill was tabled in HHHC.

HB 266 Special education licensure. Rep. Natalie Figueroa. This bill affects persons who have been licensed as special education teachers based on “alternative” criteria related to their previous professional experience and education. It imposes some additional requirements for relevant training, mentoring, etc. in order to maintain licensure. Passed HEC and HSEIC, awaiting House vote.

SB 233 Student Bill of Rights. Sen. Linda Lopez. Establishes a very wide variety of rights for students in public schools, such as the right to be free from discrimination based on disability, the right to have teachers and other school personnel follow IEPs and Section 504 plans, and to access available mental health services. There is no mechanism in the bill to enforce these rights. *Tabled in SEC.*

SB 289 Special Education Act. Sen. Linda Lopez. Enacts the “Special Education Act”, which establishes Special Education as a division within PED and has its staff report to a deputy secretary within PED. It strengthens and broadens the role of this division, including monitoring, training and technical assistance, etc. It would move some existing provisions of state law regarding special education into the new act. It also appropriates \$1 million to the PED to provide training to school

employees on working with and meeting the needs of special education students. Passed SEC; *SFC hearing scheduled for Monday, March 8.*

SB 319. Seclusion/restraints in schools. Sen. Linda Lopez. Prohibits the use of seclusion in public schools; make it clearer that restraint is to be used on a student only as a last resort in emergency situations; strengthen requirements for schools to report promptly to parents any use of restraint; require annual reports to the Public Education Department detailing all incidents of the use of restraints on students; require opportunity for public input into school policies on use of restraints; and require training of at least some school staff on alternatives to restraint and safe methods of restraint. Passed SEC without recommendation, pending in SJC.

SB 346 Special education ombud. Sen. Linda Lopez. Creates the Office of the Special Education Ombud within the DD Planning Council and appropriates \$295,000 to the Council for its operation. SEC/SJC/SFC.

Employment of people with disabilities

HB 110 Minimum wage changes. Rep. Patricia Roybal Caballero. There are a number of categories of employees that are currently excluded from the state's minimum wage law, and this bill would eliminate nearly all of these exceptions and gradually raise the state minimum wage to \$15 per hour in 2024. It also repeals the existing but unused provision of state law that allows non-profit agencies and other businesses to pay employees with disabilities less than the state minimum wage, based on their productivity compared to employees without disabilities. Passed HLVMC; heard and temporarily tabled in HCEDC while amendments are being considered.

HB 214 Repeal of sub-minimum wages. Rep. Joanne Ferrary. Repeals the existing but unused provision of state law that allows non-profit agencies and other businesses to pay employees with disabilities less than the state minimum wage, based on their productivity compared to employees without disabilities. Passed the House 48–19; SHPAC/STBTC.

SB 354 Create VR Commission to replace DVR. Sen. Linda Lopez. Takes DVR out of PED and establishes it as an office under a new independent commission. Passed SRC, pending in SJC.

Guardianship and protective arrangements

HB 94 Supported decision-making task force. Rep. Joanne Ferrary. Appropriates \$35,000 to the DD Planning Council to create a task force to study supported decision-making as an alternative to guardianship and recommend changes in NM law to allow and support it. Passed HHHC, tabled in HAFC. *There is \$15,000 for this purpose in the House version of HB 2.*

HB 234 Guardianship reforms. Rep. Marian Matthews. This bill has been amended to become a comprehensive package of additional reforms to New Mexico's guardianship laws. For example, it makes various changes to the Office of Guardianship at the DDPC, such as requiring exploration of alternatives to guardianship prior to filing a petition for guardianship, creating a volunteer court visitor program to provide site visits after guardians have been appointed, and requiring annual reports on the activities of the Office. It modifies various provisions of the Probate Code to emphasize least restrictive alternatives. It would have the Administrative Office of the Courts review all annual reports filed by guardians, and report the results of that review to the relevant district court, while the state auditor would review all annual reports by conservators. As revised, the bill no longer calls for licensure of guardians. It provides \$185,000 to the DDPC and \$325,000 to the courts for implementation. Passed HSEIC, pending in HAFC.

SB 189 Financial exploitation protections and penalties. Sen. Katy Duhigg. The original version of this bill called on financial institutions to report suspected financial exploitation of vulnerable adults and allowed them to delay transactions that appear to be exploitative or fraudulent, but those provisions have been removed from the bill, apparently because existing New Mexico law already covers those matters. The new version focuses on allowing adults who have been the victim of

financial exploitation to obtain relief through the courts, including recovery of the funds in question, attorney fees, and in some cases punitive damages. Passed STBTC, pending in SJC.

SB 221 Criminal penalties for financial exploitation. Sen. Michael Padilla. Makes it a crime for a person, whether in a fiduciary relationship or not, to trick, coerce or use undue influence to gain control of the resources or property of an elderly, disabled, or otherwise vulnerable adult. A first offense would be a third-degree felony; further offenses by the same person would be second-degree felonies. Passed SHPAC, pending in SJC, then referred to SFC.

Health Care

HB 47 End-of-life options. Rep. Debbie Armstrong. Authorizes prescriptions to be issued by a qualified health care provider that an individual with a terminal illness who is expected to die within six months could self-administer that would bring about the person's death. For persons who have a current diagnosis or recent history of mental illness or intellectual disability, or appear to have such a disability, an evaluation would be required by a health care professional with appropriate expertise to determine if the person has capacity to provide voluntary, informed consent. Same as SB 308, below. Passed House (39–27); Passed SHPAC, pending in SJC.

HB 122 Health care affordability fund. Rep. Debbie Armstrong. Creates a health care affordability fund and imposes an additional state tax on health insurance premiums to provide revenue for the fund. The fund would be used to expand access to health care coverage for low-income New Mexicans. Passed HHC, HTRC and HAFC, now awaiting House vote.

HB 154 Prescription drug affordability board. Rep. Angelica Rubio. Creates a state oversight board that would have the authority to review and approve (or disapprove or limit) major price increases for prescription medications. Passed HHC, heard and tabled in HSEIC.

HB 203 Health Security Act planning board. Rep. Debbie Armstrong. Creates a board that would be charged with developing a plan over the next two years to provide health coverage, including behavioral health services but excluding long-term care, for all New Mexicans (except those with job-based coverage that is not subject to state regulation). Appropriates \$600,000 to the Office of the Superintendent of Insurance to cover the cost of the board, staff and other support. Passed HHC, pending in HAFC.

HB 210 A/SLP Interstate compact. Rep. Brittney Barreras. Brings New Mexico into an interstate compact that allows a licensed audiologist or speech/language pathologist (SLP) in good standing in another state to practice in New Mexico, and vice versa for audiologists and SLPs licensed in New Mexico. Passed the House 67–0; SJC.

HB 272 Easy enrollment for health coverage. Rep. Liz Thomson. Facilitates enrollment into health insurance coverage through the Health Insurance Exchange or Medicaid based on a person voluntarily agreeing to have information in state tax returns shared with the Exchange so they can be made aware of coverage options that may be available to them. Passed HHC and HTRC, awaiting House vote.

SB 60 Physical therapy interstate compact. Sen. Siah Correa Hemphill. Brings New Mexico into an interstate compact so that a licensed PT in good standing in another state could practice in New Mexico, and vice versa for PTs licensed in New Mexico. Passed SHPAC, heard and tabled in SJC.

SB 308 End-of-life options. Sen. Liz Stefanics. Same as HB 47, above. SHPAC/SJC.

SM 6 Long-term care task force. Sen. Carrie Hamblen. Requests that ALTSD establish a task force to look at ways of ensuring that nursing homes are better prepared in the future to deal with public health emergencies. The task force is also asked to look at encouraging placements in the community rather than in nursing homes; and improving staffing, physical plant issues, and resident quality of care. SRC/SHPAC.

Independent Living/Community Services

HB 223 Voluntary MVD disability registry. Rep. Liz Thomson. Allows but does not require individuals to note, in conjunction with their car registration, that they or a regular passenger in their vehicle have a disability that might affect their ability to communicate. Law enforcement officers would be required to consult the registry prior to interacting with a motorist and to take appropriate steps when attempting to communicate with a driver or passenger who is on the registry. Passed TPWC; *HJC hearing scheduled for Monday, March 8*

SB 47 AT and home modifications. Sen. Jerry Ortiz y Pino. Appropriates \$300,000 to the Governor's Commission on Disability to increase their ability to provide assistive technology and home modification services. Passed SHPAC, pending in SFC

SB 299 Accessibility logo on specialty license plates. Sen. Mark Moores. Allows auto owners with a disability to obtain a specialty license plate of their choice that would also feature the logo that allows for parking in designated accessible parking spaces, as long as the accessibility logo is compatible with the design of the specialty plate. Passed STBTC; *SFC hearing scheduled for Monday, March 8*.

SB 322 Zoning accommodations. Sen. Gregg Schmedes. Requires local zoning authorities to permit a second small home on a residential lot, even in an area zoned for only one home per lot, if the second home is for the residence and care of a family member with disabilities. Passed SHPAC without recommendation; pending in STBTC.

SB 394 MVD fee waiver. Sen. Linda Lopez. Waives the usual automobile registration fee for one vehicle owned by a low-income person with a significant disability. Passed STBTC, pending in SFC .

Paid Sick Leave

HB 20 Paid sick leave. Rep. Christine Chandler. Requires most employers in NM to provide sick leave to their employees and allow the leave to be used for purposes including caring for a family member with a physical or mental illness or health condition. A new version incorporates some provisions from HB 37, below, and changes some details in the bill. Passed the House 36–33; SHPAC/STBTC. *SHPAC hearing scheduled for Monday, March 8*.

HB 37 Paid sick leave. Rep. Angelica Rubio. Required most employers in NM to provide sick leave to their employees and allow that leave to be used for purposes including caring for a family member with a physical or mental illness or health condition. Identical to SB 198, below. *This bill has been combined into a new version of HB 20, above*.

HB 38 Paid family and medical leave. Rep. Christine Chandler. Creates a program funded by employers and employees that would provide paid leave for employees needing to take time off work to care for a newborn or for a family member with a disability. As amended, the program would not go into effect until 2024, and cities and counties would be prohibited from enacting their own separate programs or requirements. Passed HCEDC and HJC, but now has been referred to HAFC.

SB 198 Paid sick leave. Sen. Linda Lopez. Identical to the original version of HB 37, above. STBTC/SJC

Miscellaneous

HB 174 Increase tax exemptions. Rep. Phelps Anderson. Doubles the current exemption from state income tax for persons who are over 65 or blind from \$8,000 to \$16,000 of income. Passed HHHC, heard and tabled in HTRC.

HB 253 Confidentiality exception for research. Rep. Day Hochman Vigil. Changes the confidentiality provisions of the state Mental Health/Developmental Disabilities Code to allow for limited data-sharing related to children, for approved research purposes only. The data would not be publicly available. Passed the House 59–11; SJC.
